When the mountains fall and the tempest roars You are with me  
When creation folds, still my soul will soar on Your mercy

I'll walk through the fire with my head lifted high  
and my spirit revived in Your story  
And I'll look to the cross as my failure is lost  
in the light of Your glorious grace

(So) let the ruins come to life in the beauty of Your name  
 Rising up from the ashes, God, forever You reign  
 And my soul will find refuge in the shadow of Your wings  
 I will love You forever, and forever I'll sing

When the world caves in, still my hope will cling to Your promise  
When my courage ends, let my heart find strength in Your presence
